EDITORIAL CHANGE.-Mr. L. Davis sold his interest in the Ann Arbor Journal, to Hon, E. C. Seaman, who assumes the editoral chair. Mr. Seaman's ability as a writer is already widely known. His name is a sufficient guaranty that the Journal will rank high among the Republian papers of the State.

1-7 We learn from the Kalamazo Elegraph that a boy, 12 years old, named Franklin isher, was drowned at Kulamazoo on Friday last, rhile attempting to cross the Railroad Bridge over be Kalamazoo River. His body was recovered. lis mother was absent at Jackson on a visit.

WEST INDIA EMANCIPATION CELEarroy.—The friends of Freedom propose to cele rate the coming Anniversary of the Emancipation (Slavery in the British West India Islands, on londay, August 2d, at Vandelia, in this County. At ten o'clock the Address will be delivered by CHARLES W. CLISBER, Esq., of Cassapolis. Dinner will be served at one o'clock. A cordial invitation is extended to all the friends
f Freedom throughout the County.

We hope those interested will r the meeting of the Directors of the Co. Agricultural Society at Casapolis, on Saturday next. A premium list will be then and there made out, and other business of importance transacted. Most of the County Societies throughout the State have had their Premium Lists before the people for some time, and many of them have their arrangements nearly completed for their approaching fairs.
We trust our county is not to behind all others in the State in this respect.

We learn from a private source that an officer of the State Prison, at Jackson, has been arrested on a charge of conspiracy to allow the escape of six convicts in his ward, for a speciof a conclusive character was found on his person. He was arrested and held for trial. His name is Peterson, and he was a night guard in the west hall of the Prison. Our informant says it was a deep and shrewd plot, and was ferreted out by the unceasing vigilance of the agent, Mr. Hammond, to whom be gives great praise for his efficiency and conduct in the affair.

different parts of the State, report the partial fail-ure of the fruit crop in their respective localities. We fear the yield of fruit throughout the State, the present season, will be quite light. In our ow County, as far as we can learn from farmers and others, the crop is nearly a total failure, owing to the severity of the weather during the past winter. The probability is that but very little fruit of any yet made its appearance. This will be a sad loss, held on Monday evening of each week, at the Hall ot only to farmers and fruit growers, but also to over F. G. Larzelere's store. ers in general, who depend upon them for a

Buildings.-We think we hazard nothing in saying, that notwithstanding the hard times, there is not unother place in the State, with

sitting room, the atmosphere around the flowers is continually damp. The experiment may be tried on a small scale by inverting a tumbler over a roseud in a saucer of water.

THE ATLANTIC MONTHLY. - This valuable and always interesting mout hly, for August is received, and its contents gives assurance that the work is not allowed to lag. Among the many well written articles in this number we notice as particularly interesting, "The Romance of a Glove,"
"The Singing Birds and their Songs," "Our Talk with Uncle John," "The Kinlock Estate and how with Uncle John Estate an it was Settled," "Bringing our Sheaves with us," and the ever-sparkling pages occupied by the "Au-tocrat of the Breakfast Table." The only political rticle in this number is a spicy review of Mr.

Choat's celebrated oration.

To those wishing to subscribe for this Magazine—and no family should be without it—we make the and no family should be without it—we make the following offer: Any person sending us three dollars, the price of the Magazine, we will furnish a copy of the Magazine and our paper for a year. Thus giving the citizens of this county the chance of taking one of the best monthlies that is published and their county paper, for the price of the

THE FOUNDING OF DETROIT .- The 57th anniversary of the founding of Detroit was elebrated on the 24th inst., in that city, and accelebrated on the 24th inst., in that cry, and according to the Detroit papers, was a very happy
affair. The celebration took place under the auspices of the Michigan State Historical Soccity.
The address, a very appropriate and able one, was
delivered by C. I. Walker, Esq. The Adverticer
says that the Firemen's Review, which took place
at 10 o'clock A. M., under Chief Engineer Lee, was
one of the best turnouts Detroit has over witnessed. one of the best turnouts Detroit has ever witnessed of her firemen. The Companies made a first rate appearance, mustering in all nearly six hundred

But the crowning feature of the day, it is said, was the procession, which formed at 2 o'clock, P.
M., under the direction of Col. J. Howard, as
Marshal, and was participated in by the military,
firemen, civic societies, and large numbers of the
citizens of Detroit and neighboring towns. Altogether it was an occasion long to be remembered
with pleasure by those who participated in the festivities.

INFORMATION WANTED.—Mr. Geo. C. Ames writes to us from Detroit, in behalf of a poor widow who is anxious to obtain tidings of son, James Turner, aged 15. When last heard from he was in this city seeking a berth on a vessel. He has served some time at the printing business in Canada. The mother is nearly distracted on his ac-count; and any information respecting him will be thankfully received if for-warded to the Detroit Advertiser office.

-Buffalo Express.

We have learned that this is a case of real distress, and would request our removed to Lawton Station, Mich. He wishes cotemporaries to copy as an act of kindness. This young man is of English parents, quiet, sandy complexion, but does not know where his mother

At her residence in Wayne, on the 23d inst., after a long and painful illness, Mrs. CLARISA HENDERSON, wife of Sylvanius Henderson, Esq., aged 41 years.

The deceased leaves a family in this State and a futher, mother and large circle of friends in New York State to mourn her loss.

Her languishing head is at rest, Its aching and thinking is o'er; Her quiet unmovable breast Is heaved by affliction no more. [Cox.

mothing in saying, that notwithstanding the hard times, there is not another place in the State, with the same amount of population that this village has, that can boast of as many and of as good a class of builings, erected and in process of erection, during the past six months, as Dowagiac. We should say that there has been at least fifty dwelling houses built here this season, and there must be as many more hastening to completion, and there is not at this time a dozen vacant houses in the village. This is a sure indication that our village is steadily gaining ground, and must in a few years be far ahead of many of our sister towns, both in point of population, enterprise and beauty of place.

The following is said to be a sure way to preserve flowers from wilting: Procure a flat dish of porcelain, into which pour vacant place upon it a vase of flowers, and over the vases bell glass with its rim in the water. The air that surrounds the flowers being confined beneath the bell glass, is constantly moist with water that rises into it in the form of vapor. As fast as the water to enclose the water on the outside of the bell glass, is constantly moist with water that rises into it in the form of vapor. As fast as the water to enclose the water on the outside of the bell glass into the dish; and if means be taken to enclose the water on the outside of the bell glass, to so to prevent it evaporating into the air of the southwald of the north-east quarter of section one, in township air south line of series outhly and of the north-east quarter of section one, in township air south line of series outhly and of the north-east quarter of section one, in township air south of the control of series of the south had of the north-east quarter of section one, in township air south of the control of cass and State of Michigan. ttent Fever, or Fever and Ague. Remittent Fever, Chill Fever, Dumb Ague, Periodical Headache, or Bilious Headache, and Bilious Fevers, indeed for the whole class of diseases origifor the whole class of diseases origi-nating in biliary derangement, caused by the Malaria of miasmatic countries. No one remedy is louder called for by the necessities of the American people than a sure and safe cure for Fever and Ague. Such we are now enabled to offer, with a perfect certainty that it will eradicate the disease, and with assurance, founded on proof, that no harm can arise from its use in any quan-tity.

and with assurance, founded on proof, that no harm can arise from its use in any quantity.

That which protects from or prevents this disorder must be of immense service in the communities where it prevails. Prevention is better than cure, for the patient escapes the risk which he must run in violent attacks of this baleful distemper. This "Cure" expels the miasmatic poison of Fever and Ague from the system and prevents the development of the disease, if taken on the first approach of its premonitory symptoms. It is not only the best remedy ever yet discovered for this class of complaints, but also the cheapest. The large quantity we supply for a dollar brings it within the reach of every body; and in bilious districts, where Fever and Ague prevails, every body should have it and use it freely both for cure and protection. It is hoped this price will place it within the reach of all—the poor as well as the rich. A great superiority of this remedy over any other ever discovered for the speedy and certain cure of Intermittents is, that it contains no Quinine or mineral, consequently it produces no quinism or other injurious effects whatever upon the constitution. Those cured by it are left as healthy as if they had never had the disease.

Fever and Ague is not alone the consequence of the miasmatic poison. A great variety of disorders arise from its irritation, among which are Neuralgia, Rheumatism, Gout, Headache, Blindness, Toothache, Earache, Catarrh, Asth-

disorders arise from its irritation, among which are Neuralgia, Rheumatism, Gout, Headache, Blindness, Toothache, Earache, Catarrh, Asthma, Palpitatiom, Painful Affection of the Spleen, Hysterics, Pain in the Bowels, Colic, Paralysis, and Derangement of the Stomach, all of which, when originating in this cause, put on the intermittent type, or become periodical. This "Curr" expels the poison from the blood, and consequently cures them all slike. It is an invaluable protection to immigrants and persons travelling or temporarily residing in the malarious districts. If taken occasionally or daily while exposed to the infection, that will be excreted from the system, and cannot accumulate in sufficient quantity and cannot accumulate in sufficient quantity to ripen into disease. Hence it is even more valuable for protection than cure, and few will ever suffer from Intermittents, if they avail themselves of the protection this remedy af-fords.

Ayer's Cathartic Pills,

FOR ALL THE PURPOSES OF A FAMILY PHYSIC,

FOR ALL THE PURPOSES OF A FAMILY PHYSIO, are so composed that disease within the range of their action can rarely withstand or evade them. Their penetrating properties search, and cleanse, and invigorate every portion of the human organism, correcting its diseased action, and restoring its health y italities. As a consequence of these properties, the invalid who is bowed down with pain or physical debility is astonished to find his health or energy restored by a remedy at once so simple and inviting.

Not only do they cure the every-day complaints of every body, but also many formidable and dangerous diseases. The agent below named is pleased to furnish gratis my American Almanac, containing certificates of their cures and directions for their use in the following complaints: Costiveness, Heartburn, Headache arising from disordered Stomach, Nausea, Indigestion, Pain in and Morbid Inaction of the Bowels, Flatulency, Loss of Appetite, Jaundice, and other kindred complaints, arising from a low state of the body or obstruction of its functions. They are an excellent alterative for the renovation of the blood and the restoration of tone and strength to the system debilitated by disease.

Ayer's Cherry Pectoral,

Coughs, Colds, Influenza, Hoarseness, Croup, Bronchitis, Incipient Consumption, and for the relief of Consumptive Patients in advanced stages of the

disease.
So wide is the field of its usefulness and so numerous are the cases of its cures, that almost every section of country abounds in persons publicly known, who have been restored from alarming and even desperate diseases of the lungs by its use. When once tried, its superiority over every other medicine of its kind is too apparent to escape observation, and where its virtues are known, the public no longer hesitate what antidote to employ for the distressing and dangerous affections of the pulmonary organs that are incident to our climate. While many inferior remedies thrust upon the community have failed and been discarded, this has gained friends by every trial, conferred benefits on the afflicted they can never forget, and produced cures too numerous and too remarkable to be forgotten.

May Lention! Farmers!

HAVE ENTIRE CONTROL OF A VERY SUportion quality of Ressian Winter Seed Wheat, (an article introduced into the Wheat-growing districts of Russia, which has been found to succeed better than any Winter Wheat ever cultivated in that country. From Russia it was introduced into Canada, Michigan, Minnessota and Illinois, in each of which it has withstood the most severe winters and the wettast springs, to the satisfaction of the farmer. It produces from 90 to 30 bushels to one when sown on good land, and from its hardy nature will not winter-kill or drown-out from the effects of a wet spring. It may be sown any time between the first of July and the first of November.

PACKAGES sufficient to produce from 5 to 10 bushels the first year, put up in strong sucks.

between the first of July and the first of Nolowing goods exclusively for

P. D. BECKWITH, AS made a valuable improvement in Horse Powers, and is manufacturing the same at his Foundry, in Dowagiae, Casa Country, Mich.

This Horse Power is designed for eight horses. It is Simple and Compact in its Construction!

And is so agranged that the working parts of its gearing perform their labor with one-half the heavy strain that is required in other Powers, and therefore being subject to one-half the wear and the transmitted of the heavy strain that is required in other Power in this section of country. It is lighter than most of mischines, and easily moved from place to place. And finally, IT IS HARD TO BEAT.

If he undersigned is also agent for R. T. MERRILL'S IMPROVED

HORSE POWERS AND SEPARATORS.

Call at the Foundry and examine before ong away from home after MACHINES.
